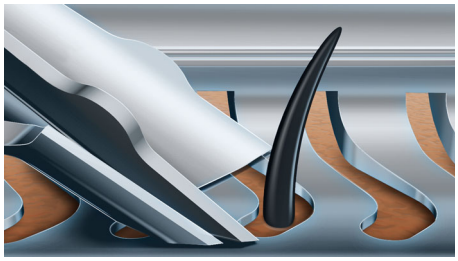
Specifications

Shaving heads
- Fits product type: Shaver Series 9000
- Shaving heads per packaging: 3

Highlights

V-Track Precision Blades



The patented V-track Precision Blades gently positions each hair in the best cutting position, even the flat laying and different length of hairs. Cuts 30% closer in less strokes leaving your skin in great condition.

Super Lift & Cut Action

The dual blade system built into the Philips electric shaver lifts hairs to cut comfortably below skin level for a closer shave.

Simple replacement

1. Open the shaver by pressing the "release" button; 2. Remove the retainer by turning the lock counterclockwise; 3. Take out the old shaving heads and carefully insert replacements; check that the heads align exactly in the setting; 4. Replace the retainer and secure it by turning the lock clockwise; 5. When you close the shaving head properly, you will hear it click into place.

Reset your shaver*

The latest Philips shavers have an inbuilt replacement reminder which will indicate you when to replace shaving heads. After replacing shaving heads, you can reset a replacement reminder when pressing the on / off button for more than 5 seconds. Otherwise, replacement reminder will turn off automatically after 9 successive shaves.
